## ***BUBBLE RECIPE***

2 c. Dawn dishwashing detergent  
6 c. water  
Almost 1 c. Karo light corn syrup

Combine, shake, let settle 4 hours. Store covered in refrigerator to extend suds shelf life. Allow to warm before using. Costs about \$1.50 per gallon. Bubble Tips: 1. If foam develops scrape off with a stiff card. 2. Keep suds clean from dirt and grass. 3. Bubbles are best on humid days. 4. Protect suds from direct sun.

10 (2") cinnamon sticks  
2 tbsp. whole cloves  
1/4 c. canella or nandina berries  
10 sm. pinecones

7 drops cinnamon oil

Combine all ingredients and place in a tight jar or tin. Shake every few days. Cinnamon oil has an extremely strong scent that intensifies as it is absorbed. Add additional oil if needed. The red sumac berries that grow wild can be used dried as a stabilizer for potpourri (in other recipes it takes the place of orris root which is very expensive). I used sumac berries instead of nandina berries in this recipe.

### ***SIMMERING POTPOURRI***

1 oz. can cinnamon sticks, broken into  
small pieces

1 (1.12 oz.) can whole cloves

1 (1.25 oz.) can whole allspice

Combine all ingredients. Place 1 heaping teaspoon and 1/2 cup of water in simmer pot and heat. I also dry orange peels and add these to the mixture.

### ***WATERPROOF - GLASS GLUE***

2 (1/2 oz.) packets unflavored gelatin

2 tbsp. cold water

3 tbsp. skimmed milk

Few drops of oil of wintergreen

In a small bowl, sprinkle gelatin into cold water. Set aside to soften. Heat milk to boiling and pour into softened gelatin. Stir until dissolved. Add oil of wintergreen as a preservative. Makes about 1/3 cup. Use while still warm; may be applied with a brush. This glue is very effective for gluing glass to glass, metal to metal, wood, mending china and labels on glass jars. To glue marbles together allow glue to cool slightly so it begins to jell. Glue should be stored in a screw capped glass jar. It will jell as it cools. To restore it to use set jar in hot water.

### ***SILLY PUTTY***

2 parts Elmer's glue

1 part liquid starch

Put glue into mixing bowl. Add starch while mixing until it forms a ball.

### ***PLAYDOUGH (No - Cooking)***

1 c. flour 1/2 c. salt 2 tbsp. oil 1 tsp. alum Add small amount of water until consistency of bread dough, no more water than 1/2 cup.

### ***SAWDUST DOUGH***

2 c. sawdust  
1 c. flour  
1 tbsp. glue  
Hot water or liquid starch

Moisten with water or starch until modeling consistency is reached. Will dry hard, may be painted.

## ***SALT & FLOUR CLAY - BREAD DOUGH***

2 c. flour  
1 c. salt  
1 c. water

Mix flour and salt together. Slowly add water and stir until it forms a soft dough, all of the water may not be needed. If too gooey, more flour may be added. Roll out on a flat surface to make bread dough cookie ornaments. May be painted with food coloring while still moist. Can be air dried (about 2 days) or baked 1-2 hours at 200-250 degrees. Baked ornaments are less fragile than those which have been air-dried.

## ***COFFEE GROUND DOUGH***

2 c. used coffee grounds  
1 1/2 c. cornmeal  
1/2 c. salt

Add enough water to moisten. Has a very different feel and look. Not good for finished products.

## ***SCENTED CINNAMON CUTOUTS***

Place these anywhere, they are like potpourri. 10 tbsp. hot applesauce  
5 oz. cinnamon

I've used other spices too (ginger, allspice, etc.), or combined them. Mix together, if dry add more sauce. If wet, add more spice. Makes a great non-sticky dough. Very workable. Sprinkle

work area with spice and rolling pin. Roll dough 1/4" thick. Cut into desired shapes. Holiday shapes, houses, ginger people, apples, bears, hearts, etc. For Ornaments: Cut out with a straw a little hole on top. Place cut outs on a screen. Let dry 6 to 7 days. Almost feels like driftwood. Paint if you wish. Be creative. Example: Ginger people. I use white dimensional paint, looks like icing. Glue ribbon to them, hang them up in a favorite spot. Glue magnets on back. Personalize ornaments. Use mini cutters, make gift tags.

## ***DOUGH ORNAMENTS***

2 c. flour  
1 c. salt  
1 c. water

Mix all thoroughly. Add 1 tablespoon of water if dough is dry. Knead 5 minutes. Shape. Poke a small paper clip in back of ornaments. Place on lightly greased cookie sheet. Smooth rough edges with wet knife before baking. Bake at 250 degrees for 2 hours. Paint with acrylic paints or Testor's paints (model paint). Coat with clear shellac. IDEAS: Braid dough and make into wreath. Decorate with ribbon and dried flowers. Make into holiday ornaments; snowman, santa, etc. Use utensils, garlic press, fork, knives, toothpicks to make designs.

## ***SAND SCULPTURE CLAY***

1 c. water  
1 c. cornstarch

Mix in pot over low heat until thickened. Let cool and mold into shapes. Decorate with shells. Dry. Can be painted.

## ***FACE PAINT***

1/2 tsp. water

2 lbs. beef suet  
1/2 lb. sunflower seeds  
1 c. millet  
1 c. cracked corn  
1 c. crushed peanuts (ground)

Grind suet. Place in large pot and cook slowly over low heat until smoothly melted. Let cool to a semi liquid state. Stir in nuts. Spread into shallow rectangle foil molds. If using paper cups tie string to pencil and place other end in mixture to harden. This will then enable it to be hung from a tree, or place molded mixture into a netting, like a suet bag when cakes are solid only. Needs no refrigeration. Keeps well in a dark, cool place, such as a corner of the cellar.

## ***BUBBLES***

3 parts dish detergent  
3 parts water  
2 parts glycerin  
Food coloring (optional)

Enjoy!

## ***GIANT CHALK STICK***

2 tbsp. powdered Tempra paint  
1/2 c. water  
1 sm. waxed paper cup  
3 tbsp. plaster of Paris

Mix paint and water together in the cup. Slowly add plaster of Paris, stirring until creamy. Let set until hard (about 1 hour); peel off cup. Can be used indoors or out.

## ***FINGER PAINT***

1 tbsp. unflavored gelatin (1 env.)  
Cold water  
1/2 c. cornstarch  
4 tbsp. dishwashing liquid  
Food coloring

Stir gelatin into 1/3 cup cold water. Set aside. In a saucepan stir cornstarch into 2 1/2 cups cold water until dissolve. Bring to a simmer and stir until fully thickened. Remove from heat and blend in gelatin mixture. Add dishwashing liquid. Cool and add food coloring as desired. Store in Tupperware at room temperature.

## ***PERFECT HUG***

## ***PLA-DOUGH***

2 to 3 c. flour

2 tbsp. cornstarch

Sift together several times. 1 c. salt

1 c. warm water

Vegetable coloring

Add salt to water making sure the salt crystals are entirely dissolved, then gradually add the flour. Add only enough flour to have a firm pliable dough. Knead well, as for bread, divide into 3 parts, and add desired vegetable coloring. For Christmas ornaments, etc. Bake at 200 degrees for 2 hours. Store in 20 ounce canisters.

## ***FAVORITE PLAYDOUGH***
