The key to your future success could very well be the right source for mailing lists, and our mailing lists are our specialty. In fact, we are one of the largest mailing list suppliers in the entire nation. We have achieved this status by honing our mailing lists to pinpoint precision. This means we can zero in on the exact type of individual that is most likely to respond to your offer. This type of service is very uncommon in the list business and we want to serve you!

WHAT IS A QUALIFIED NAME? Simply stated, there are basically three types of names used when a mailing list is compiled. First, there are saturation names. These are names in a given geographic area and usually consist of every household. Lists of this nature are often used by churches or political parties, but are never successful for mail order offers because the interests of the recipients re too varied. Second, there are

lists of people who have inquired about various products or services. Inquiry mailing lists, although far superior to saturation lists or phone book names in mail order offers, often do not produce the results that are necessary to obtain an adequate profit. Third, there are actual buyers of products or services. These people have spent their hard earned money before on mail order offers. It is, therefore, logical to assume that they will do so again. Thus, buyers lists are the best and most responsive. WE CARRY ALL TYPES OF MAILING LISTS, but we recommend and specialize in MAILING LISTS OF ACTUAL BUYERS OF DOZENS OF DIFFERENT CATEGORIES.

MAILING LISTS AND THE COMPUTER We are a custom list house. Each mailing list is fully computerized and personally designed for the specific type of mailing to be done. Most of our mail order lists are built from actual orders and are 100% buyers. All of our mailing lists are printed on labels in the standard four across format and are in zip sequence for bulk mailing without hand sorting. Plus, all mailing lists supplied by us are put on an exclusive 90 day reserve at no extra cost. In essence, this means that our lists are mailed a maximum of 4 times a year and never more than once in a 90 day span. This procedure protects the quality of our lists and makes each offer more profitable.

Our mailing lists are guaranteed to be 95% deliverable and any nixies (undeliverable names) are replaced 2 for 1 at no charge. We not only offer you mailing lists, but a comprehensive list service.

BEWARE OF CHEAP MAILING LISTS! Sometimes you'll see mailing lists offered at extremely low prices. Believe me, you'll get exactly what you paid for. In almost all cases, the names you get will be photocopied on 33 up labels and not in zip order (you need a computer to do that). The print will be of poor quality and some names will be illegible. And most important, without a computer you cannot update a mailing list or delete the nixies. Consequently, you'll waste a lot of money on printing and postage for undeliverables.

BUYING OR RENTING? Every day we get several telephone calls from customers who say, "I want to buy some names". We would like to take this opportunity to convey that we, like all quality list sources, rent names for one time use. Each list that we ship to a client has a few "dummy" names on it. This is how we protect our lists from being duplicated and reused. This "salting" procedure not only keeps our lists from being stolen, but it ensures the quality for all our customers.

WHAT ABOUT THOSE WHO RESPOND TO YOUR OFFER OFF OF OUR MAILING LIST? Those individuals who order from you when you use our mailing list remain your customers and you can remail to those names as often as you please. Eventually you have enough names to build your own mailing list. This list will be your best list because these people are already acquainted with you, your company, and your product.

WHAT IS THE SIZE OF OUR UNIVERSE OR HOW MANY NAMES ARE AVAILABLE FOR ME TO MAIL? Each category has a universe of about 1/2

million names. This figure fluctuates as lists are updated, nixies are deleted, and new names are added. If your need for names is greater than 500,000, then contact us for special arrangements. There is no doubt we'll be able to satisfy your needs no matter what they may be.

HOW DO WE KEEP TRACK OF THE NAMES WE SEND YOU SO YOU DON'T GET DUPLICATION OF FUTURE ORDERS? We use a computer process to avoid sending the same names to a customer when he reorders. This procedure is called "Nth name select". Here is how it works. Suppose you place an order for 5000 names and the total file in that category is 500,000 names. When we fill your request we will print every 100th name of the file. Now, assume you order 10,000 names a month later. At that time, we will print every 97th or 99th name of the same file. Thus we avoid giving you duplicate names under any circumstances.

PRICING DATA Our prices are very reasonable and our minimum order is only 1000 names. All lists are printed in zip sequence on cheshire, gummed cheshire, or pressure sensitive labels (Cheshire labels are for machine application. Gummed cheshire can be applied by hand, but must be moistened like postage stamps. Pressure sensitive labels are specially designed for hand application. They are peel and stick labels on a wax backing. Pressure sensitive labels are \$5 additional per thousand regardless of quantity.) Here are our prices for buyers lists:
