## How To Double Your Earnings In Mailorder

Want to double your earnings in mailorder? You CAN if you use my simple method. I've used it for years and still continue to do so.

Begin by running one or two ads in several different mail order publications. When orders begin to come in, take a full 50% of the profits and invest them in more advertising. Most dealers DON't do this and wonder why they aren't making any money. You MUST invest at least half your profits to DOUBLE your income in this business.

When I started in mail order I had \$5 to invest. I didn't believe it would be enough to help, but it WAS enough and I showed a profit of over \$300 in my first 3 months. That wasn't a bad beginning, but today I bring in many times my original investment EACH DAY. Investment of profits is the secret if you wish to succeed in business, and mail order is no exception.
